# IRIS Collection

Sometimes, all it takes is faith, courage and hope to herald memorable culinary experiences, much like our Iris collection inspired by Greek mythology where Iris was the goddess of the rainbows. The Iris Collection borrows the wisdom from this folklore and radiates all the way allowing a culinary extravaganza dancing across the senses of your guests.

Innumerable articulate and detailed strokes across the edges of the collection allow its purity and ethereal nature to reflect on the diner's experience. An exquisite canvas of cream white awaits with a combination of beige and grey subtle borders so you can paint them with your culinary artistry. The Iris Collection dances delightfully adding to the chef's collection. Furthermore, its strength, colors and durability along with its dainty nature empower chefs, and restaurateurs alike to make every meal unforgettable!

Prepare for an unimaginable experience for your guests as you glide your culinary storytelling through the Iris Collection.
